南陽环工学境
Nanyang Institute of Technology

To whom it may concern,

Mr. Townsend had worked as a Freshman/Sophomore instructor for Nanyang Institute of Technology from July 2016 until the end of his contract in February 2018.

I have had the opportunity to work as David's academic leader during this time and he has demonstrated resourcefulness and enthusiasm in teaching and motivating his students. When faced with challenges, David has demonstrated keen communication skills and an ability to share opinions in a professional manner and is very capable of handling the rigorous, academic requirements of graduate school.

David has also been actively involved in many extra-curricular activities with fellow foreign staff members and has demonstrated his ability to win the friendship and respect of his fellow coworkers.

I would highly recommend David to any program that he has applied for.

Sincerely,

Rea Zhou
Lead Teacher
Department of Foreign Language
Nanyang Institute of Technology
